EDUCATION

California State Polytechnic University, Pomona **Expected May 2027**
Bachelor of Science in Business Administration, Finance; Minor in Mathematics; Minor in Statistics (in progress) *GPA: 3.85*
Honors: FRL Department Scholarship Recipient (2026), Beta Alpha Psi Honors Society, Beta Gamma Sigma Honors Society, President's List (2024–2025)
Certifications: Bloomberg Market Concepts (BMC); SQL Intermediate (HackerRank)
Relevant Coursework: Managerial Finance, Corporate Finance Theory, Investments, Data Analytics in Finance, Applied Regression Analysis, Statistical Foundations for Business Analytics

EXPERIENCE

Revolv3 — SaaS Payment Processor **Laguna Beach, CA**
Fintech Data Analytics Intern *June 2025 – August 2025*

- Built Excel revenue and platform transaction volume forecasts, identifying 30–40% MoM growth across 3 months.
- Created Excel pivot tables calculating effective collection rates, distributing weekly reports to 100+ merchants.
- Delivered customer volume trend analyses to sales team, flagging 10+ accounts with declining transaction volume.
- Automated customer invoicing by extracting Power BI datasets and integrating contract terms with approval volumes.

Laguna Sound — Recording Studio **Laguna Beach, CA**
Part-Time Bookkeeper *December 2024 – February 2025*

- Matched ACH payments to customer invoices, investigating discrepancies and resolving unpaid client balances.
- Tracked and reconciled operating expenses, adjusting classifications to ensure accurate internal cost reporting.

PROJECTS & COMPETITIONS

PepsiCo (PEP) DCF Valuation & Equity Research Pitch — Bronco Investment Club, Team Lead *April 2026*

- Led 4-person team issuing Hold rating and \$151 price target on PEP via a 5-year DCF valuation model in Excel.
- Built DCF with 3-statement forecasts from Bloomberg Terminal exports across historicals, peers, and guidance.
- Modeled segment-level revenue and margins across all 6 PepsiCo reporting segments, benchmarked to 3+ peer 10-Ks.
- Computed terminal value via Gordon Growth method and projected 5 years of unlevered free cash flows.
- Ran sensitivity analysis in Python (pandas, matplotlib) on WACC and terminal growth to validate price target.

Customer Data Integration Consulting Proposal — MISSA ITC Competition, Team Lead, 2nd Place *April 2026*

- Led 5-person team to 2nd place authoring a 31-page consulting proposal with 3-year cost-benefit analysis.
- Performed full EDA in Python (pandas) on 2,500+ transactions across 363 customers and 9 data sources.
- Surfaced a 13.5x lifetime value gap between single- and multi-channel customers, anchoring the ROI case.
- Designed 5 Power BI dashboards spanning 40+ KPIs across executive, marketing, and pipeline monitoring views.

Healthcare Budget Optimization Model — Data Never Dies Datathon, 2nd of 10 Teams *March 2026*

- Built Random Forest regressor (400 trees) on healthcare dataset across 20 countries and 24 years of data.
- Engineered weighted Strain Index combining 3 pillars (burden, capacity gap, affordability gap) to score country need.
- Designed greedy ROI optimizer deploying \$100M across 81 investment decisions to maximize strain reduction per dollar.

MASSIMO DCF — Full-Stack DCF Valuation Platform — Personal Project *November 2025 – Present*

- Building DCF valuation engine (WACC via CAPM, 5-year unlevered FCF, Gordon Growth terminal value) in Python.
- Running 10,000-path Monte Carlo simulations and WACC × growth sensitivity heatmaps to quantify valuation uncertainty.
- Ingesting 10-K/10-Q filings via edgartools and yfinance market data into PostgreSQL for 500 US public equities.

LEADERSHIP & ACTIVITIES

Bronco Investment Club, Cal Poly Pomona **Pomona, CA**
Treasurer *November 2025 – Present*

- Secured \$3,400 in semester funding by building detailed expense projections and presenting to the executive board.
- Led revision of 5+ line-item budget proposal in Excel, coordinating with club president and ASI Treasurer.
- Directed fundraising efforts that secured supplemental funding beyond the initial semester allocation.

CPP Pickleball Club **Pomona, CA**
Vice President *2026 – 2027*

SKILLS

Finance: Financial Modeling, DCF Valuation, Variance Analysis, Forecasting, Budgeting, FP&A, P&L Analysis, 10-K Analysis
Technical: Excel (VLOOKUP, Pivot Tables, advanced), Power BI, Bloomberg Terminal, PowerPoint, Python (pandas), SQL

Interests: Equity markets, sports analytics, basketball, snowboarding, pickleball
